**Estimated construction cost:** \_\_\_\_\_

The applicant and builder agrees to comply with all of Village of Ellsworth zoning code, the adopted Wisconsin uniform dwelling code, commercial building code and erosion control code where they apply and all other conditions of the Village of Ellsworth ordinance. The applicant understands that the issuance of this remodeling permit creates no legal liability, expressed or implied on the Village of Ellsworth or the Building Inspector/Zoning Administrator for non-residential buildings and certifies that all the information provided is accurate.

Building review inspection for non-residential or non-commercial buildings is to review for typical or best construction practices being applied. The Building Inspector/Zoning Administrator does not certify or warrant the construction for safety or durability. The State of Wisconsin does not provide a building code for non-residential structures except commercial buildings. Permit valid for one (1) year period from date of issuance.
